MEDIA

One project at a time, done in the right order.

QUOTED PER PROJECT

PRODUCT BROCHURE · 2026

BUILT ON PURPOSE

SOMETIMES YOU NEED ONE THING

A video for the trade show in March. A pitch deck before the big meeting. Headshots, because half the team on your website does not work there anymore.

Not every company needs to start over. Media is how we do one thing well without asking you to sign up for everything.

WHAT WE MAKE

VIDEO

Brand films, origin stories, promotional ads, client testimonials, short form for social, case studies, event and job site coverage.

PHOTOGRAPHY

Shot in your own environment. Real, not stock. Team headshots, product, equipment, the shop floor, the crew working.

GRAPHIC DESIGN

Pitch decks, brochures, one pagers, business cards, print and digital ads, trade show material.

WEBSITES

Full builds, a single landing page for a launch, or a rewrite of the page that is not converting.

SOCIAL GRAPHICS

With the copy already written.

APPAREL AND PROMOTIONAL ITEMS

Through our partners.

EVERY PROJECT STARTS WITH A BRIEF

We will not shoot a video for a company that cannot tell us what it should say. That is not us being difficult. If we skip that part, we are charging you for a guess, and you would pay for it twice.

So every Media project begins with discovery and a written project brief covering what this piece needs to say, who it is for, and how it should look and sound. It takes a conversation and a page, and it is what makes the finished piece agree with everything else you own.

If you already have a Manifesto, we skip ahead. Your purpose, your audience, your voice, and your visual rules are already written down, so we go straight to the project. Shorter timeline and lower cost. If you do not have one, we run a short version of discovery scoped to this project only.

HOW IT RUNS

- 01 You tell us what you need and when you need it. The deadline usually decides everything else.
- 02 We do discovery, scaled to the project.
- 03 You get a written brief and a real quote, and you approve both before we produce anything.
- 04 The right specialist does the work, checked against your brief before it reaches you.
- 05 You get the finished pieces and the source files. They are yours.

WHO THIS IS RIGHT FOR

YOUR FOUNDATION STILL HOLDS

What you own is solid and your gaps are specific.

YOU HAVE A DEADLINE

Something is coming and you need one piece made well, on time.

YOU ALREADY HAVE A MANIFESTO

The fastest and least expensive version of this work.

YOU WANT TO START SMALL

A first project is a reasonable way to find out how we work.

ONE THING WORTH KNOWING BEFORE YOU START

A project brief answers the question in front of you. It does not settle who your company is. If you come back for a third project, you will have paid for discovery three times, and that is the point where the Manifesto costs less rather than more. We will tell you when you have hit it.

TELL US WHAT IS MISSING

We will tell you what it will take, in writing, before anything gets produced.
